LATEST UPDATE for travelers to Indonesia :

Update as per 6 March 2022 - Upcoming changes in travel regulations for Bali

Both the Directorate General of Immigration and the Ministry of Tourism and Creative Economy have released information about Bali being free from quarantine and the resumption of VOA as per March 7, 2022.

There are clearly terms and conditions attached which are related to the cost of the VOA for the countries listed below which is expected to be IDR500.000 per person as well as the need to book a warm-up vacation hotel from the approved list, which would include the PCR on arrival and PCR on day 3. Head to your pre booked warm-up vacation hotel wait for your results and if negative you are free to commence your holiday and then day 3 you will be tested again at your hotel and if negative can proceed with your holiday and other accommodation or travel plans elsewhere in Indonesia .

Vaccination requirements

Travellers will require 2 or 3 doses of vaccine

Insurance

USD25,000 that covers COVID related

These conditions and any others should be released soon. How it will apply to non-tourists or other visa holders or those who are returning residents also not clear. Stay tuned as we expect that more announcements will be made.

Visa on Arrival is a tourist visit visa valid for 30 days, To be paid upon arrival, the price is for a 30 days tourist visa is IDR500.000 per person

Applicable to travelers arriving directly to Bali – not Jakarta or other airports:
